

ATERA COMMISSION PLAN FOR NEXT-GEN AFFILIATES

We understand that every customer is different, so we offer different payouts depending on what Atera solution you choose to promote.

The **commission model** consists of a **flat fee** and a **recurring monthly fee**.

The flat fee is valid for your referrals' first-time purchase, and is payable after their 3-month invoice.

The recurring fee is payable after your referral's third invoice, and you'll get a recurring monthly fee for up to an additional 9 months following, assuming your referral remains a paying customer (for a total of 12 months).

Wondering how much you'll get paid? So this is how it goes...
